Cyber Security is my responsibility

The Internet allows an attacker to work from anywhere on the planet

“Unlawful act wherein the computer is either a tool or a target or both”

Cyber Crime is a generic term that refers to all criminal activities done using the medium of communication devices, computers, mobile phones, tablets etc. It can be categorized in three ways:

- **The computer as a target** – attacking the computers of others.
- **The computer as a weapon**- Using a computer to commit “traditional crime” that we see in the physical world.
- **The computer as an accessory**- Using a computer as a “fancy filing cabinet” to store illegal or stolen information.

PHISHING

Hi! Mark wants to be your friend.

Accept

Contact is initiated via the internet (social media channels) or mobile messaging applications.

The offender may impersonate another child, young adult, or a person in a position of trust in order to gain your confidence.

Hi, I'm Mark and I'm 15. Nice to meet you!

U r so cute! :) I am so happy I found u Anna... would you send me a sexy pic?

Once the trust is established, the offender will encourage you to create and share sexual photos or videos, or to engage in sexual activity online, which may be secretly recorded. Sexual photos or videos can also be acquired by a perpetrator in other ways, through the use of malware, hacking or accidental sharing by a minor.

The offender will threaten you with posting your images/videos on the internet or sharing them with your friends or family unless you create more material, and/or agree to see them in person, or to do something else for them.

Now send me one without the bra or I will share this one with your entire school...

Here it is! Please don't show it 2 anyone!

It's just u & me, Anna. U know you can trust me...

OMG! What do i do now??!!

It's time to meet you in person.

Has this happened to you? We can help you. You are not alone.

The advertisement features a blue background with the Tata Power logo in the top left and top right corners. On the left, a cartoon character of a bald man with a mustache and glasses, wearing a brown jacket and a black belt with a camera, is pointing towards a smartphone. The smartphone screen displays a text message from an unknown number: "Dear Customer Your Electricity power will be disconnected Tonight 10:30 pm because your previous month bill was not update please call officer number". To the right of the phone, there is a large yellow warning triangle with a black exclamation mark, and the word "ALERT" in bold red letters. Above this, a man in a green shirt and blue pants is shown holding a large document with a red circle and a yellow warning triangle on it. Below the "ALERT" text, there is a green box with white text that reads: "Please use our authorized payment modes only." and a white box with black text that reads: "Your safety is our topmost priority."

CYBER SECURITY AWARENESS

Passwords and Privacy Settings Matter.
Choose strong passwords and never share them with anyone else. Regularly check your privacy settings.

Watch What You Download.
Some programs and apps carry malware and try to steal your information. Download content from trusted sites only.

Be Careful with your Online Social Life.
Exercise caution with each online interaction so you can steer clear of scammers and fake users. Do not give personal information or share private photos.

Shop Safely.
Shop from secure websites, and avoid saving your credit card information. Take time to read reviews and ask questions when making purchases.

Think Before You Post.
Be mindful of every post you create. Do not publish content you wouldn't want family, friends, and potential employers to see.
